

36' Runabout

A beautiful boat to enjoy your weekend in style and comfort.

This 36 footer represents perfectly modern boat building combined with a classic look.

This Beiderbeck designed 36 footer is a perfect [weekend cruiser](#) in a classical style like the famous runabouts or commuter boats. [Twin 300 hp](#) diesel engines with Z-drives and Duoprops give it a [top speed of over 40 knots](#) and guarantee a lot of fun. The hull shape grants a smooth ride in any conditions and good maneuverability.

Hull and deck have been made of GRP sandwich. The [high gloss varnished mahogany](#) bulwark, cockpit coaming and transom provide a beautiful contrast to the white painted hull and teak laid decks.

The spacious cockpit, partly covered with a [hardtop](#), offers comfortable seating areas, a large table, fridges, ice box and a lava grill for a pleasant stay on board. The [centrally located helmstation](#) is equipped with the latest navigation and entertainment electronics and all engine controls.

This 36' runabout can be delivered with [various cockpit and interior layouts](#) to match individual requirements - from tender to taxi boat, from traditional commuter to open daycruiser. Choose your favorite!

The integrated **bathing platform** makes access to the water easy and a hot fresh water shower welcomes you back on board after enjoying a bath.

The front cabin has a U-shaped settee which can be converted into a **double berth**, offering seating for 6 or sleeping for 2. Next to the one step companionway is a small galley with sufficient storage space. Toilet and shower stall are located on starboard side.

36' Runabout

L.o.A. 10.90 m
