

You may sail to the most beautiful places in the world and you will always feel like home on board of this extraordinary blue water yacht.

Knierim 60 DS

This beautiful long range cruiser was designed by the Bremen, Germany based design office [Beiderbeck Designs](#) to meet the individual demands of the owner. With its dark blue hull and the teak deck the [Knierim 60 DS](#) looks like [a classic yacht](#). Only the numerous buttons at the helm stations reveal that various functions are [electrically or hydraulically operated](#).

The high quality deck equipment is chosen for [durability and reliability](#) even under the most demanding sailing conditions. Thanks to its light weight this high tech GRP cruiser offers [great sailing performance](#), in light air and heavy weather equally.

Flush walking decks and a coaming around the entire boat makes [sailing safe and comfortable](#). The cockpit area is well protected and guarantees relaxed sailing or an enjoyable stay at anchor or in the marina. A bathing platform with a stairway is integrated in the transom, as is the gangway.

Home at sea: 3 comfortable double cabins, a spacious galley and 2 bathrooms make living on board enjoyable, also at **long distance cruising**. All equipment is carefully chosen and meets the highest standards.

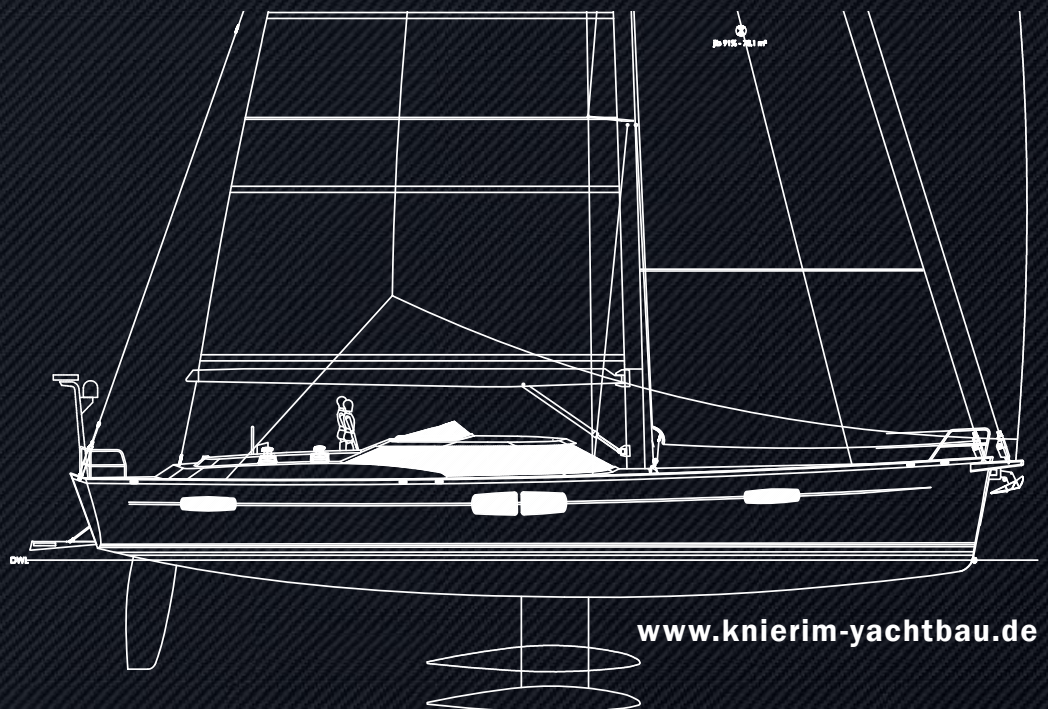

The airy saloon is a true **living room** with a large dining table, seating areas, and a built-in entertainment system. The interior is classic yet elegant. The **high-gloss varnished teak furniture** show excellent craftsmanship and match perfectly with the oak floor and off white wall linings.

Most impressive is the **spectacular view** provided by the large two-level saloon windows.
